This year's senior class will be the one hundreth graduating class of Eaton High School. The first class of EHS graduated in 1868. Eaton High School has been graduating students each year since.

During the early history of the school, the little one-room red brick school houses scattered throughout the county sent students to the high school in Eaton, providing the parents had the money or could find transportation for their children.

The first high school building, finished in 1884, was replaced in 1926 with the present one.

In 1964 Eaton added Dixon and Israel townships to the school district.

Although the enrollment in 1868 was not available, there were 379 students in 1855 and 548 in 1875. Today, the enrollment is 1,011.

The 1968 CENTURION is hereby dedicated to the continuing success of Eaton High School.
